

BC Cancer Agency
CARE & RESEARCH

**British Columbia Cancer Agency – Radiation Therapy Program
Medical Physics Leader
Fraser Valley (Surrey)/Abbotsford**

BCCA is a multi-disciplinary diagnostic, treatment and research organization dedicated to cancer care and research of the highest quality. At present BCCA operates four cancer centers located in Vancouver, Victoria, Surrey, and Kelowna. A fifth centre will be opening in the spring of 2008 in Abbotsford.

Applications are invited for the position of Fraser Valley (Surrey)/Abbotsford Medical Physics Leader, responsible for provision of medical physics services for both the existing Fraser Valley Centre and the new cancer centre in Abbotsford, which will be commissioned in late 2007. The position will have overall responsibility for professional practice leadership for medical physics and management responsibility for the radiation therapy treatment planning process in the two cancer centres.

Applicants should have a doctoral degree in medical physics and certification by the Canadian College of Physicists in Medicine and a minimum of seven years experience in medical radiation therapy physics. Applicants should also have an understanding of process management, demonstrated interpersonal and organizational skills and the ability to work as part of a multidisciplinary management team. Previous successful management experience is strongly desired.

Candidates interested in joining our team are encouraged to forward their resumes to:

Dr. Wayne Beckham
Provincial Medical Physics Leader
British Columbia Cancer Agency
Vancouver Island Centre
2410 Lee Ave.
Victoria, BC, V8R 6V5

Ph: (250) 519-5620
Fax: (250) 519-2024
Email: WBeckham@bccancer.bc.ca

In accordance with Canadian immigration requirements, priority will be given to Canadian citizens and permanent residents of Canada. We thank all those who apply; however, only candidates chosen for interview will be contacted.

Closing Date: 31st March, 2006
