

TENURE TRACK POSITION IN MEDICAL PHYSICS

Department of Physics and Astronomy
University of Victoria

The Department of Physics and Astronomy at the University of Victoria invites applications for a tenure-track position at the rank of Assistant Professor or junior Associate Professor. We are looking for someone who will initiate an experimental program in the area of Medical Physics. Applicants are expected to possess an exceptionally strong and internationally recognized research record and outstanding promise for future research accomplishments. The successful candidate will have a commitment to graduate and undergraduate education, and will help to oversee our graduate program in Medical Physics. His or her work will be conducted in association with the staff of the BC Cancer Agency's Vancouver Island Centre (VIC), a state-of-the-art radiation therapy clinic; hence, the appointment must also be acceptable to the VIC. Involvement with the VIC will initially include some teaching and administrative relief.

At present, the Department of Physics and Astronomy consists of approximately 17 faculty members working primarily in the research areas of particle physics, astronomy/astrophysics, thin-film magnetic spin properties, and ocean physics. The department has a successful and productive association with the near-by TRIUMF

laboratory, whose applied programs include PET, medical isotope production, and proton irradiation therapy. See <http://www.phys.uvic.ca> for further information.

The University of Victoria is an equity employer and encourages applications from women, persons with disabilities, visible minorities, aboriginal peoples, people of all sexual orientations and genders, and others who may contribute to the further diversification of the University. All qualified candidates are encouraged to apply; however, in accordance with Canadian Immigration requirements, Canadians and permanent residents will be given priority.

Applications, including a curriculum vitae, publication list, statement of present and future research interests, and the names and addresses of at least three referees, should be sent to: **Charles Picciotto, Chair, Department of Physics and Astronomy, University of Victoria, P.O. Box 3055 Stn Csc, Victoria, BC V8W 3P6, Canada**

Applications will be reviewed as they are received and the search will continue until the position is filled. Initial starting date is expected to be July 1st., 2003.
