

Accreditation Committee on Physics of Mammography (ACPM)

Submission for Physics continuing education credits:

When submitting a continuing education (CE) event, please include the following information in electronic form, using the same order as below. One credit is normally obtained for each mammography CE hour, but a fractional weighting comprised between 0 and 1 is used when the content is deemed to be not entirely relevant to medical physics practice in mammography.

General information of event

- Title
- Location
- Date(s)
- Organizer(s)
- Sponsoring organization(s)
- Detailed schedule
- Number of CE credits applied for

For each session, include following information:

- Title
- Instructor(s)
- Duration
- Objectives
- Description
- Teaching aids (Slide, transparencies, computer projector, viewboxes...)
